SUGGESTOPEDAGOGY AND DESUGGESTOPEDIA BY PROF. DR.
GEORGI LOZANOV AND ASSOC. PROF. DR. EVELYNA GATEVA
/Sofia University "Saint Kliment Ohridski/"

Dear Colleague,

We have the pleasure to inform you about Dr. Lozanov's and Dr. Gateva's TEACHER TRAINING COURSES and other activities in Austria for 1995.

Training is individual. The teacher must have a university degree. Training for the **first level** will take place in two stages:

1. Participation of teacher-trainees (one, two or three) in a group of about 5 to 10 ordinary students of Italian. During the second half of the course, teacher-trainees will also participate in lectures and tutorials given by Dr. G. Lozanov and Dr. E. Gateva. The course in Italian is conducted by Dr. E. Gateva.

2. Teaching of English by the teacher-trainees under the supervision of Dr. G. Lozanov and Dr. E. Gateva. Duration of the course will be according to the enclosed programme. Additionally 30 hours outside the course, but concurrent with the course, are devoted to lectures and discussions. At the end of the training, teacher-trainees will have basic knowledge of some "reserve capacities" spheres, originated

by Dr. G. Lozanov, and will be able to teach foreign languages - first level by the new authentic variant developed by Dr. Georgi Lozanov and Dr. Evelyn Gateva. The trainees who have successfully completed this stage receive a certificate signed by Dr. Lozanov and Dr. Gateva.

Trainees who have only completed the first stage are not entitled to a certificate.

Trainees who have already attended Dr. Lozanov's and Dr. Gateva's seminars for 60 academic hours or more can be enrolled directly in the second stage of the **first level**.

The training of teachers for teaching **second level** courses, as well as for teaching **children**, will be conducted after arrangement. Teachers who already possess the first level certificate and who want to be **trainers** can only do so after completing the one month second level course and after accumulating sufficient personal teaching experience. The training of teachers in **other subjects**, other than foreign languages, is also subject to additional negotiations and arrangements.

We look forward to hearing from you
